EXCUSES!

Stop those thoughts!

Learn how to overcome resistance to an active lifestyle

TAKE CHARGE OF YOUR

THOUGHTS

It is common to feel overwhelmed with all the lifestyle changes, especially if you feel stressed, tired or out of shape

Fear not, there are ways to cope with these thoughts!

RESOLVING

COMMON EXCUSES

I find it too hard!

Try being active throughout the day.

Take a 10-minute walk before or after dinner. Gradually build this up to 30 minutes on most days.

RESOLVING

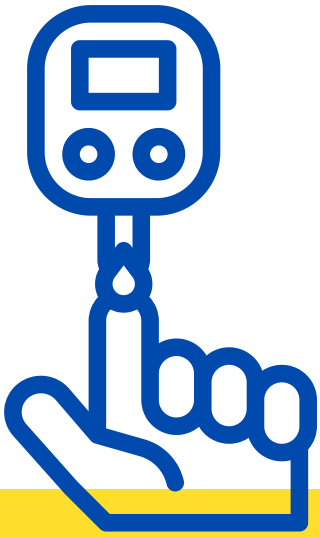
COMMON EXCUSES

I can't see the results...

The benefits actually start right away, although not obvious.

Exercising regularly gives more obvious result!

Check your blood sugar before & after exercising, you will see the level drops!



RESOLVING

COMMON EXCUSES

It's not fun!

Find an activity that you enjoy!

Vary your routine, try new activities. Get your friends and family to do these activities together.

RESOLVING

COMMON EXCUSES

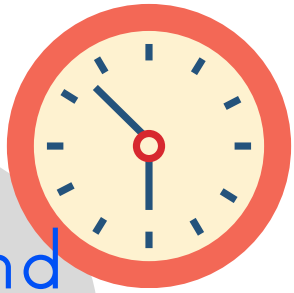
I'm too old.

It's never too late to start.

Low-impact activities like tai-chi, line dancing & pool walking are good for elderly.

RESOLVING

COMMON EXCUSES

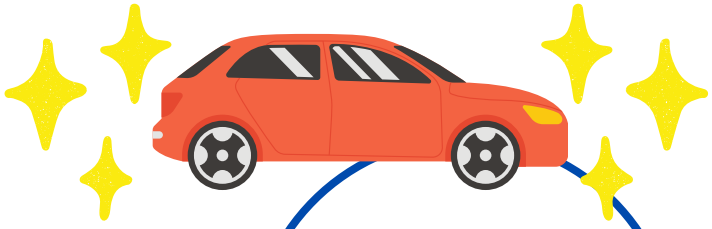


It's hard to find time.

Squeeze physical activities into your daily life.

MOVE YOUR BODY AT HOME

Make it a point to do housechores manually.



Car washing

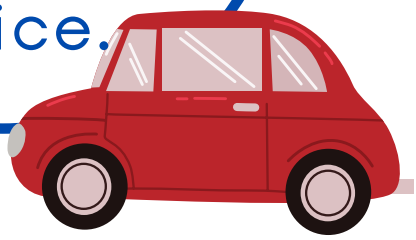
Sweeping & mopping

Mowing lawn

MOVE YOUR BODY AT WORK

Taking the stairs instead of the elevator.

Park your car further away and walk to office.



Stand up during small group meetings.

Take a walk around your office after lunch.

MOVE YOUR BODY DURING

LEISURE TIME

Dance to your favourite music at home

Play with your children

Move your body while watching TV

Enjoy family activities: hiking, jogging, badminton, swimming
